RMS

Channel Manager

A built-in connection hub for OTAs and the GDS.

Get More Online Bookings

Guests can find your property on the most popular online travel agents in the RMS Channel Manager, including Pitchup, Spot2Nite, and Airbnb – and all bookings show up in RMS in real-time.

Market Your Property Worldwide

Connect with the GDS, a centralized booking system used by travel agents across the globe, to generate bookings from international travelers.

Increase Your Revenue Streams

Use your existing rate tables, or create unique pricing for OTAs, to generate bookings from hundreds of different online sources.

Analyze OTA Performance

RMS Travel Agent reporting shows you data on commissions, YOY performance, and more to identify your best and worst-performing OTAs.
